The Building Official Certification Committee

New Employee Report Form

s/bbrs/nureport-rev0605

In accordance with 780 CMR R7, the "Rules and Regulations for the Certification of Inspectors of Buildings, Building Commissioners and Local Inspectors", all municipalities are required to report to the Board the name of any individual who is appointed as a building code enforcement official.

Once reported, a file is created at the Office of the Board with the individual's name and date of hire. If not already certified, he/she then has eighteen (18) months in which to complete the examination process. When the individual passes the series of examinations required for the type of certification sought he/she **must** apply to the Board on the Application for Certification (available at the office of the Board). This file marks the beginning of the eighteen (18) month cycle, and serves as the individual's official record for the maintenance of his/her certification, once received

It is the responsibility of the individual seeking certification and the hiring municipality to ensure that all aspects of the certification process are met. 780 CMR R7 defines all requirements of the certification program. Interested parties must become familiar with these regulations. If questions remain after reading the regulations, please call the office of the Board at 508-898-0167 extension 560.

Information regarding test dates, registration forms, candidates bulletins, etc., may be obtained by contacting the Office of the Board at the number listed above.
